UER

It's a dirty money track
Yeah
Girls kick the flow!

Listen to me
All my girls get ready
We'll make it easy

When I catch you picking me
You better get a chill
Boy you wanna take on me
Cuz I'm your killing pill

Can't you see the way I move
My dress my flashy skin
Listen up you know I got
The place you've never been

Slow down
Boy you don't wanna let me down
You better stop you know what!

Oh! Don't call me funny bunny
I'll blow your money money
I'll get you to my bad ass spinning for you
Oh! I'll make it easy honey
I'll take your money yummy
I've got my bitches standing up next to me

So come and check it
So come and check it
So come and check it
My bad ass spinning for you
(2x)

Watch out!
Keep on taking over you
It's kinda getting free
Baby boy you know I still
Got sexy freak in me

Gotta tease you nasty guy
So take it don't be shy
Put your cherry on my cake
And taste my cherry pie

Maybe I'll take you with me tonight
Maybe you'll show me another way
And find a reason for me to stay
But something I must tell you!

Feel my vibration
Get it!

C'est la route de sale argent
Yeah
Les filles!

Ecoute moi
Toutes mes filles se préparent
Nous le ferons facile

Quand tu veux m'attraper
Tu feras mieux de te refroidir
Tu veux m'attraper
Car tu es fou de moi

Est-ce que tu n'aperçois pas: je ne suis pas à toi.
Ma robe, ma peau tender...
Ecoute, j'ai quelque chose
Que tu n'auras jamais

Ralentir
Tu ne veux pas jouer un sale tour à moi
Tu feras mieux de cesser tu sais quoi!

Oh! Ne m'appelle pas ton lapin
Je vais dépenser tout ton argent
Je vais tortiller ma fesse et t'apprivoiser de cette façon
Oh! Je le ferai facilement, mon amour
Je vais dépenser tout ton argent
J'ai mes rosses copines auprès de moi

Tente fortune
Tente fortune
Tente fortune
Je vais tortiller ma fesse et t'apprivoiser de cette façon
(2x)

Prends garde!
Je reprends le dessus
C'est si bien
Tu sais j'ai toujours
Mes caprices sexuels

Je vais t'exciter, tu, voyou,
Donc, prends-le et ne gêne pas
Mets ta cerise sur ma tarte
Et goûte ma tarte à cerises

Peut-être, je t'amènerai chez moi cette nuit
Ou, peut-être, tu me montreras une autre voie
Et trouveras un prétexte pour que je reste
Mais j'ai quelque chose à te dire!

Sens ma vibration

Song # 1

Five, four, three, two
Listen to me
All my girls get ready (Uh huh)
We'll make it easy (Uh uh)

When I catch you picking me
You better get a chill
Boy, you wanna take on me
'Cause I'm your killing pill

Can't you see the way I move
My dress, my flashy skin
Listen up, you know I got
The place you've never been

Slow down
Boy, you don't wanna let me down
You better stop, you know what

Oh, don't call me funny bunny
I'll blow your money, money
I'll get you to my bad ass spinning for you
Oh, I'll make it easy, honey
I'll take your money, yummy
I've got my bitches standing up next to me

So come and check it (Uh)
So come and check it (Uh)
So come and check it
My bad ass spinning for you (Ow)

So come and check it (Uh)
So come and check it (Uh)
So come and check it
My bad ass spinning for you (Watch out)

Keep on taking over you
It's kinda getting free
Baby boy you know I still
Got sexy freak in me

Gotta tease you nasty guy
So take it, don't be shy
Put your cherry on my cake
And taste my cherry pie

Slow down
Boy, you don't wanna let me down
You better stop, you know what
